

# Winter Storm Event

## January 19<sup>th</sup>-20<sup>th</sup>, 2011

### Overview

A band of heavy snow deposited 6 to 12 inches of snow along the Interstate 70 corridor during the overnight of January 19th and the morning of January 20th. Locations north and south of this band received less snow. This was especially true across southeast Missouri where only an inch or two of snowfall was observed.
